**REQUEST FOR RECONSIDERATION OF PETITION
UNDER 37 C.F.R. 1.47(a)**

Mail Stop PETITIONS
Commissioner for Patents
Washington, DC 20231

Sir:

This Request for Reconsideration of Petition under 37 C.F.R. §1.47(a) is in reply to the Decision Refusing Status Under 37 C.F.R. 1.47 mailed by the Office on November 25, 2005. The present Request for Reconsideration addresses the deficiencies that were noted in that Decision.

A Petition for Extension of Time is also submitted herewith, together with the appropriate fee.

Declaration

Applicants, through their undersigned attorney, hereby petition the Commissioner to accept this Request for Reconsideration of Petition Under 37 C.F.R. §1.47(a). Applicants make the following declaration:

REQUEST FOR RECONSIDERATION OF PETITION

1. Inventor Doug Dew, a former employee of BEA Systems, Inc., is a joint inventor in the above-identified application.

2. From June 8, 2004 through April 14, 2005, Applicants' attorney, in his customary practice of obtaining executed formal papers, attempted to contact Mr. Dew several times, including on June 8, 2004; June 15, 2004; July 15, 2004; August 24, 2004; August 26, 2004; September 13, 2004; December 6, 2004; January 18, 2005; April 7, 2005; and April 13, 2005. A copy of each communication has been previously provided to the Office together with Applicants' Request for Reconsideration of Petition filed on April 25, 2005.

3. Several of the above-referenced communications to Mr. Dew included a complete copy of the application (including Specification, Claims, and Drawings), together with a set of formal papers (Declaration and Assignment) for signing by the inventor. An example is the letter mailed to Mr. Dew on June 15, 2004, a copy of which letter is attached herewith for convenience. Others of the above-referenced communications included only the formal papers.

4. In the Decision Refusing Status Under 37 C.F.R. 1.47 mailed November 25, 2005, the Office noted that a grantable petition under 37 C.F.R. 1.47(a) requires: (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. §§115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor. The Decision further noted that Applicant lacked item (2); namely a declaration, executed by the available inventor, in which the citizenship of the nonsigning inventor is provided, with the signature block of the nonsigning inventor left blank.

5. Accordingly, Applicant is submitting herewith item (2), namely a declaration, executed by the available inventor, which has been amended to show the citizenship of the nonsigning inventor, and in which the signature block of the nonsigning inventor has been left blank. Applicant respectfully submits that the declaration as amended now conforms to the

requirements of 37 C.F.R. 1.63.

6. Inventor Doug Dew's last known contact information is 2545 W. Springfield, Apt. 6, Champaign, IL 61821. Mr. Dew's last known email address is doug@dew.name.

7. Accordingly, Applicants' attorney respectfully request that the Commissioner reconsiders this Petition on behalf of the other signing inventor, and proceeds with the prosecution of this application.

8. A Petition for Extension of Time is submitted herewith, together with the appropriate fee (\$1020.00). The Commissioner is hereby authorized to charge any deficiencies or credit any overpayment to Deposit Account No. 06-1325.

Respectfully submitted,

FLIESLER MEYER LLP
